

G M C
UTILITIES GROUP

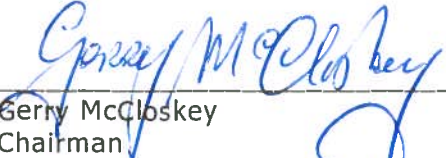

Environmental Policy

GMC Utilities Group Limited recognises the effect its operations and activities have on the environment and ensures that environmental protection and the prevention of pollution play a significant role in policies and practices.

GMC Utilities Group Limited therefore seeks to establish an ethos at all levels and in all departments which seeks to protect and continually improve the environment and reduce the impact of its operations. This is achieved by;

- i. Maintaining our environmental management system and certification to ISO 14001 Standard
- ii. Communicating the aims and objectives of the Group to all staff, employees, contractors, consultants and all interested parties
- iii. Fully complying with, and keeping up to date with all environmental legal, regulatory and other requirements
- iv. Quantifying its effect on the environment and to minimise this effect in all its operations and any new developments through the establishment of regularly reviewed objectives, targets and management programmes
- v. Committing to improve awareness of environmental matters among staff, employees and contractors by providing appropriate training to all staff, consulting with and involving our staff and employees in matters relating to best environmental practice and seeking opportunities to develop environmental awareness wherever applicable
- vi. Managing in an environmentally responsible, economical and efficient manner
- vii. Reducing incidents which might harm the environment and for which the Group may be in contradiction of its legal, regulatory and other requirements
- viii. Conserving energy and promoting the efficient use of raw materials.
- ix. Ensuring compliance with the environmental requirements of our Customer
- x. Continually reviewing, improving and developing this Environmental Policy and ensuring its implementation

The Board of Directors gives its full support to this policy and shall ensure it is communicated, implemented and reviewed at least once a year.

Gerry McCloskey
Chairman
